

A fintech concept designed to simplify online payment collection for small and medium-sized businesses through shareable payment links.

The Challenge

Traditional payment collection can involve manual instructions, repetitive follow-ups, and unnecessary friction for both businesses and their clients.

01

The Approach

A straightforward way to request payments online—without the need to build a complete e-commerce website.

02

Brand Attributes

Clear · Efficient · Dependable · Straightforward

03

Brand Promise

A simpler way to get paid.
